

# THINK THE PENNEAST PIPELINE IS GOOD FOR NEW JERSEY?

Unless it's stopped, PennEast, which includes PSEG, NJ Resources and South Jersey Industries, will build a massive 118-mile-long gas pipeline through our communities.

Only PennEast would profit from the pipeline. New Jerseyans will pay the price.

# THINK AGAIN.

#### IT'S WRONG FOR HOMEOWNERS.

Their property could be taken through eminent domain.

#### IT'S WRONG FOR THE ECONOMY.

Investments in renewable energy would create three times more jobs.

#### IT'S WRONG FOR OUR LAND, AND OUR WATER.

Over 4,300 acres of preserved open space and the drinking water for 1.5 million people could be harmed.\*

#### IT'S WRONG FOR OUR COMMUNITIES.

Pipelines can explode and leak harmful gas.

#### IT'S WRONG FOR CONSUMERS.

In the end, New Jerseyans would foot the bill for an unnecessary pipeline.
