# PROLIFERATION OF PIPELINES IN NEW JERSEY

rethink energy nj
www.ReThinkEnergyNJ.org

## MAP KEY

### MAJOR EXISTING PIPELINES

### EXISTING COMPRESSOR STATIONS

1. GSE Compressor Station #203
2. GSE Compressor Station #205 (Expansion)
3. Transco Compressor Station #207
4. Transco Compressor Station #240
5. Transco Compressor Station #505

### EXISTING POWER PLANTS

1. Red Oak Power
2. Sayreville Energy Center
3. Newark Energy Center
4. Kearny Generating Station
5. Bayonne Energy Center
6. Bergen Generating Station
7. Beesley's Point Generating Station

### PROPOSED PIPELINES

1. Pilgrim Oil Pipeline
2. PennEast Pipeline
3. Southern Reliability Link Pipeline
4. South Jersey Gas Pipeline
5. Proposed Northeast Supply Enhancement Pipeline
6. Riverdale South Pipeline
7. Bergen Loop pipeline, part of Riverdale South to Market Project

### PROPOSED COMPRESSOR STATIONS

1. NESE Compressor Station #206
2. Transco Compressor Station #303 (proposed to be doubled in size through Gateway Expansion project)

### PROPOSED POWER PLANTS

1. Phoenix Energy Center Station
2. North Bergen Liberty Generating Project
